Athletic Training

Bachelor of Science

Program Coordinator: Traci Gearhart

Entrance Requirements

Students may be admitted to the Athletic Training Major upon satisfying the following requirements:

- Completed application form, 1-2 page essay, and 2 faculty recommendations;
- Minimum cumulative grade point average of 2.50 at the end of fall semester;
- A grade of “C” or better AT 150;
- Completion of a minimum of 25 observation hours;
- Read, understand, and sign the Wingate University Athletic Training Technical Standards;
- Completed Informed Consent form;
- Submission of a current physical examination from a licensed physician;
- Evidence of Hepatitis B vaccination or completed waiver;
- Completion of a Background Check;
- Successful interview and/or clinical experience evaluation with the Athletic Training Education faculty and staff.

Please note that a limited number of students can be admitted each year although the exact number is to be determined annually based upon graduation and attrition rates. Once admitted to the athletic training education program all students must provide annual documentation of proof of \$1,000,000 per incident/\$3,000,000 aggregate student malpractice insurance.

Once admitted into the program, students will be required to maintain an overall minimum cumulative GPA of 2.50 and satisfactory performance during the practical experience to remain active in the athletic training education program. Failure to maintain a 2.50 cumulative GPA for one semester will result in a one-semester suspension from the clinical portion of the academic program and will add one additional semester to the academic program beyond the traditional six. If the student has two consecutive semesters achieving a cumulative GPA below 2.50, they will be dropped from the program and advised into a suitable major.

Any student receiving a grade lower than a “C” in an athletic training required course must repeat the course. If the particular course is a prerequisite for another course, the other course may not be taken until a “C” has been achieved.

In addition to the Wingate University graduation requirements, Athletic Training majors must complete 900 hours of practical experience and the Master Skills log prior to graduation.
