

Your generous donations have made a difference in the lives of so many students and have enabled Wingate University to continue to have a significant impact on the wider community. **Thanks to a massive one-time gift from the estate of Porter Byrum, we raised \$26.89 million in 2019-2020 to make college more affordable.** All of our students benefit from your largesse, including the one in five who plan to forge a career in healthcare.
